RABBIT MODEL

Parts identification:

The items identified below make up all of the rabbit parts and pieces.

Assembly instructions:

Follow the instructions below to assemble the Rabbit Model.

1. Begin with the rabbit half and display stand
2. Place the small and large intestine into the rabbit half cavity

3. Place the stomach into the rabbit half cavity

4. Place the liver into the rabbit half cavity

5. Place the heart into the rabbit half cavity

6. Place the lung into the rabbit half cavity

7. Connect the rabbit muscular layer/exterior to the rabbit half on the stand by aligning and inserting the pegs

8. Attach the ears to the exterior of the rabbit by aligning the pegs

This completes the rabbit model assembly.
